

## Yesterday Was a Lie

Télépopmusik

And you don't know me  
(Black ice) inside me  
It's nothing so different  
Don't close the door  
I'm not asking for more  
I've gotta give my life to you  
In just one second that was true  
Keep me feelin' so (rebuked)  
You know why yesterday was a lie

And even when you're sad, I walk away  
And even when you're happy, I stay

Did I sell my soul for this feeling, so long ago?  
Did I give my heart for that waste of time?

I'm not asking for much,  
Don't hide me, and you wonder (why I hide)

Did I sell my soul for that feeling?  
You know why yesterday was a lie  
I can't keep thinking I was right  
Don't go....
