

The Priestess

Ten

Systematic sexual revolution commin',
Everybody dealing with addiction runnin',
A party where you bring your own prescription drug in
And every victim is dancin' to different drummin',
Sex is religion on the rise,
It's growing out of ot control, oh yeah,
This world is all we've got tonight
She is a healer of souls
And I'm an acolyte,
She's got my world spinning round,
Loveless land needs a river,
In this life 'schools out' not for recess,
Got my girl, gettin' down
On demand, I deliver,
For my would turns now for The Priestess,
"Mama I'm addicted to the porn site honeys",
A sexy dominatrix lady stole my money!
She said "You gotta' use a credit card to see more of me'",
But when I paid 'she' was 'he' and that just wasn't funny!
Sex is religion on the rise,
It's growing out of ot control, oh yeah,
This world is all we've got tonight
She is a healer of souls
And I'm an acolyte,
She's got my world spinning round,
Loveless land needs a river,
In this life 'schools out' not for recess,
Got my girl, gettin' down
On demand, I deliver,
For my would turns now for The Priestess
