

# The Prodigal Saviour

Ten

You think it's cool  
To break the rules  
Just looking out for 'number one'  
Every day of your life

I played your game  
I'm so ashamed  
That I did not detect the blade  
Now you're twisting the knife

Because of you  
I'm getting all the wrong attention  
I was a friend to you  
I feel a fool  
Letting you toy with my affections  
Wilful intent to use

Woah-oo-woaho  
The prodigal saviour  
(Woah-oo-woaho)  
Born again failure  
Woah-oo-woaho  
Got to break favour  
Don't start crying  
It all stops "Fire away"

(Woah-oo-woaho)  
The prodigal saviour  
(Woah-oo-woaho)  
Born again failure  
Woah-oo-woaho  
Got to break favour  
Don't start lying  
The coin dropped "Fire away"

Life can be cruel  
Risk taking drool  
I dipped a toe into the clear  
Crystal waters of love

In only days  
So much has changed  
I'm in a shark infested rip tide  
And "man is it rough!"

Because of you  
I'm getting out of circulation  
'Means to an end' abuse  
It's fallen through  
But is your own interpretation  
Just a pretence in truth?

Oo  
(Woah-oo-woaho)  
The prodigal saviour  
(Woah-oo-woaho)  
Born again failure

Woah-oo-woaho  
Got to break favour  
Don't start crying  
It all stops "Fire away"

(Woah-oo-woaho)  
The prodigal saviour  
(Woah-oo-woaho)  
Born again failure  
Woah-oo-woaho  
Got to break favour  
Don't start lying  
The coin dropped "Fire away"

Yeah, what you say

Woah-oo-woaho  
The prodigal saviour  
(Woah-oo-woaho)  
Born again failure  
Woah-oo-woaho  
Got to break favour  
Don't start crying  
It all stops "Fire away"

(Woah-oo-woaho)  
The prodigal saviour  
(Woah-oo-woaho)  
Born again failure  
Woah-oo-woaho  
Got to break favour  
Don't start crying  
It all stops "Fire away"

(Woah-oo-woaho)  
The prodigal saviour  
(Woah-oo-woaho)  
Born again failure  
Woah-oo-woaho  
Got to break favour  
Don't start lying  
The coin dropped "Fire away"
