

Turn Around

Ten

Turn around baby, look into my eyes
And see the embers of the fire
That never dies
Give in time lady,
Don't you question why
I'd give the earth to be beside you
And it's no surprise
With a million reasons why
I love you so
Now listen close to me
There's something you should know

Turn around,
Whenever you want me girl
And I swear tonight
You will find
You're only a heartbeat girl
To these arms of mine
Come on home

Turn around baby, don't you even try
This never ending love
Is one you can't describe
You will find lady
When my life is done
That your reflection in my soul
Remains the only one
Through the candlelight caress

To where you lie
In my heart you'll always be
My love to last eternity
I'd die before I'd let you down
Turn around
Turn around
