

Wild Horses

Ten

Light brings the fabric
Of her tightest dress to life
Cuts through diaphanous
Contortive cire like a knife
It's so easy now
It's so easy now
It's a web she unwinds

Light lends the fibres
A transparency tonight
Tight, like her second skin
Taut and sheer to the eye
It's so easy now
It's so easy now
To let your passion flow blind

For you can strike, lunge or parry
At the scene of the crime
But when her love's not what it seems
It's the other kind

Yeah
(The Wild Horses)
Advocating love
She'll take you for a ride
Yeah
(The Wild Horses)
Calculated
Systematic androicide

Saddle up
Hammer down
Slightly cruel
Tightly wound
Deadly sin
She'll break you in and then
She'll take your ass to town
Yeah
(The Wild Horses)
Graduate in 'Love'
Get 'Nasty' on the side

Man traps of underwear
Seal you fate all night
Black in stilettos then
Top to toe in white
It's so easy now
It's so easy now
That you walk the fine line

Though you can ride through the valley
At the speed of light
You don't know how the Devil deals
On the other side

Yeah
(The Wild Horses)

Advocating love
She'll take you for a ride
Yeah
(The Wild Horses)
Calculated
Systematic androicide

Saddle up
Hammer down
Slightly cruel
Tightly wound
Deadly sin
She'll break you in and then
She'll take your ass to town
Yeah
(The Wild Horses)
Graduate in 'Love'
Get 'Nasty' on the side

Alright

Yeah
(The Wild Horses)
Advocating love
She'll take you for a ride
Yeah
(The Wild Horses)
Calculated
Systematic androicide

Saddle up
Hammer down
Slightly cruel
She'll break you in and then
She'll take your ass to town
Yeah, yeah, yeah
The Wild Horses
Graduate in 'Love'
Get 'Nasty' on the side

Yeah
(The Wild Horses)
Advocating love
She'll take you for a ride
Yeah
(The Wild Horses)
Calculated
Systematic androicide

Saddle up
Hammer down
Slightly cruel
She'll break you in and then
She'll take your ass to town
Yeah, yeah, yeah
The Wild Horses
Graduate in 'Love'
Get 'Nasty' on the side

(Yeah, the Wild Horses)
(Yeah, the Wild Horses)
Yeah
Alright

(Yeah, the Wild Horses)
(Yeah, the Wild Horses)
