

# All The Earth is Holy Ground

Tenth Avenue North

All the earth is holy ground  
All the earth is holy ground  
Every single breath  
Every single sound  
I can feel You with me now

All the earth is holy ground  
All the earth is holy ground  
I don't believe in secular things  
Just a world waiting to be redeemed  
I was lost but I was found  
Now all the earth is holy ground

Wherever I go  
I see light, I see Your light  
Wherever I go  
The sacred's inside of the sacred inside

Oh, what a mystery  
Your life and breath alive inside of me  
Unworthy to be Your son  
But somehow You reached down  
And made me Your own  
Your mercy has remade  
This house I burned down to the grave  
Your spirit filled my lungs  
Now wherever I go  
I bring the kingdom come  
Let my song resound  
All the earth is holy ground  
Holy ground  
All the earth is holy ground  
All the earth is holy ground

Wherever I go  
I see light, I see Your light  
Wherever I go  
There's sacred inside
