

# Midnight Melodic

Terranova

Nothing to do today  
Nothing I want to do  
Anyway

I think I'll lie here for a while  
And try to escape  
I'll block out the wind tower  
Clouds run away  
Leave me in the sun  
I'm dreaming  
On my own

Nothing to do today  
Nothing I want to do  
Anyway

I'll think of you  
For an hour or two  
And chase away the blues

You chase my blues away  
Everytday  
In my dreams  
We say what we mean  
We do what we feel  
Love fills the days  
You take my breath away

Nothing to do today  
Nothing I want to do  
Anyway

In my dreams there's no thrill to pay  
No decisions to make  
No consequence to take  
And nothing grey.  
Nothing was failed  
No mistakes  
And then I wake up

Nothing to do today  
Nothing I want to do  
Anyway

I think I'll lie here for a while  
And try to escape  
I'll think of you  
For an hour or two  
And chase away my blues  
You chase my blues away  
Everyday.
