

Bloody Mary Morning

Terri Clark

Woke up to car doors slamming
Church bells in distance
They're On the road to redemption
Maybe a little forgiveness

I should be putting on my Sunday best
Like all the rest
Instead of coming down like the rain outside and pouring

A Bloody Mary morning
Chasing down the truth
Tryin to kill the pain
Wash away what I can't change
What the hell else at I can do
This Bloody Mary morning-
Might last all afternoon

First time reaching over
Without you in my bed
No undoing what I did
No Takin back what I said

I made a mess of you and me
So much for coming clean
Last night I could see the storm clouds forming

A Bloody Mary morning
Chasing down the truth
Tryin to kill the pain
Wash away what I can't change
What the hell else at I can do
This Bloody Mary morning-
Might last all afternoon

There's a break in the sky, but here inside it's pouring

A Bloody Mary morning
Chasing down the truth
Tryin to kill the pain
Wash away what I can't change
What the hell else at I can do
This Bloody Mary morning-
Might last all afternoon
