

Longer

Terri Clark

The wind is blowing in the right direction
The sky is clearing up
Too many false starts to even mention
I guess that's part of chasing love
There's no such thing as time wasted
It all works out somehow
Sometimes I understand, sometimes I hate that
I didn't have you till now

I don't think that I could love you
Love you any better
Love you any deeper
Any stronger
I know this is just the start
Start of our forever
If only I had found you sooner
I coulda loved you longer
Coulda loved you longer

What we have here ain't going nowhere
Still got alot of time
But a little more history with a few more memories
Now what would that look like

I don't think that I could love you
Love you any better
Love you any deeper
Any stronger
I know this is just the start
Start of our forever
If only I had found you sooner
I coulda loved you longer
Coulda loved you longer

Coulda had that smile to lighten up my darker nights
Coulda held you in my arms a few more times

I don't think that I could love you
Love you any better
Love you any deeper
Any stronger
I know this is just the start
Start of our forever
If only I had found you sooner
I coulda loved you longer
Coulda loved you longer

Coulda loved you longer
Coulda loved you longer
