

## This Ole Heart

Terri Clark

This ole heart was made like a train  
But this ole heart is flesh and blood  
Gets in trouble when it cares too much  
Keeps it hangin' on when it oughta give up  
On something that's past

I wish it had wheels and I wish it had wings  
Cause I could sure use just one of those things  
Then this danged ole fallin' out love  
Wouldn't hurt so bad  
But this ole heart ain't made like that

If this ole heart was like an ole tin roof  
Beaten by the rain, weathered and used  
A fresh coat of paint would make it new  
If this ole heart was lik an ole tin roof

But this ole heart is felsh and blood  
Gets in trouble when it cares too much  
Keeps it hangin' on when it oughta give up  
On something that's past

I wish it had wheels and I wish it had wings  
Cause I could sure use just one of those things  
Then this danged ole fallin' out love  
Wouldn't hurt so bad  
But this ole heart ain't made like that
