This is all that I've got

My only hope - my hope

This is my truth - my truth

Everything I believe

I found in you

All I'll never turn away

from all that you gave

This is one life, you truly saved

This is all that I've got
This is all that I want
This is all that I've got
All I need

And everywhere I go
I find those just like me
The words I speak, what I've been through
They know exactly what I mean
And although we've never met before
You're still part of me
If you were down, I'll be there
To bring you to your feet

This is all that I've got
This is all that I want
This is all that I've got
All I need

In this world full of filth and hate
In you I found my escape
And I'll give back until my last breath
Believe in me, believe in this

This is all I've got
