

No Time For Fools

Terror

Born on the wrong side
Yet we choose to remain
You know we built this
Brick by brick
Hand over fist

No time
No time for fools
Ain't got no time
No time for fools

Now they try to sell it
They've erased the name
You know who you are
I hope you choke on your fame

No time
No time for fools
Ain't got no time
No time for you

I watch them come, I watch them go
I see through you, you've been exposed
I'm looking you in the eye
No time for fools

I'm talking to you
No time for fools
