Born on the wrong side Yet we choose to remain You know we built this Brick by brick Hand over fist

No time No time for fools Ain't got no time No time for fools

Now they try to sell it
They've erased the name
You know who you are
I hope you choke on your fame

No time No time for fools Ain't got no time No time for you

I watch them come, I watch them go
I see through you, you've been exposed
I'm looking you in the eye
No time for fools

I'm talking to you
No time for fools
