

## It's Not Loving

Tesla Boy

You look straight and I smile way  
Watching streets go by  
Avenues we've met today  
Are renewed and I  
Play the game till bitter end  
It is closer now  
Engine's off and I turn back  
Goodbye

It's not loving  
It's not loving  
It's killing time

We fall  
We falling down

Well I have no one  
Left to rely  
The morn' is broken  
Into my eyes  
And I leave autumn  
My life to decide

It's not loving  
It's not loving  
It's killing time
