

## Spend Some Time

Tessa Violet

I just re-realized that someday I will die  
Fill my lungs before I'm done so I can say goodbye  
Tell me will I look around and think of all I've cared for  
Will you be there by my side? I hope you'll say a prayer for me  
Sand keeps slipping through the glass and  
Time is slipping through the cracks and  
Every minute come to pass a minute that I can't get back  
It's gone, it's gone away  
If time is worth it's weight in gold  
I'll be rich when I grow old  
But riches are worth nothing boo, if I can't spend it all with  
you so  
Spend some time, with me  
Spend some time, with me  
Every moment spent with you a moment edified  
Every look you've lent to me is better by your side  
Try not to hyperbolize so trust me when I say  
I'll renew my love for you come sun or rainy day  
If I have to pass away and if I need to die someday  
Then every hour coming through's  
An hour I will spend with you  
I'll spend it all with you  
If time is worth it's weight in gold  
I'll be rich when I grow old  
But riches are worth nothing boo, if I can't spend it all with  
you so  
Spend some time, with me  
Spend some time, with me  
Life is like the light at the end of the day  
Nothing you say will stop it slipping away  
But if I have to slip away then will you slip away with me  
I will steal the time if you will steal a kiss from me  
If time is worth it's weight in gold  
I'll be rich when I grow old  
But riches are worth nothing boo, if I can't get my hands on yo  
u so  
Spend some time, with me  
Spend some time, with me
