

# The Only One for Me

Tevin Campbell

Don't wanna play those games no more  
I don't wanna break your heart  
Don't wanna play those foolish games  
'Cause I feel that you're the only one for me

When I was a young boy I believed  
That love was just a dream  
Played around with your emotions  
From the start But now I can see  
That there is more to life than dreams I finally found someone  
Who makes my life complete  
And I know within my heart  
Your love is true  
And that's why I don't...

Don't wanna play those games no more  
I don't wanna break your heart  
Don't wanna play those foolish games  
'Cause I feel that you're the only one for me

How could I be so selfish then  
Knowing the things that I know now  
All the times I tried to love you  
I needed you to show me how  
But now I can see  
That there is more to life than dreams I finally found someone Who makes my  
life complete  
And I know within my heart  
Your love is true So...

Don't wanna play those games no more  
I don't wanna break your heart  
Don't wanna play those foolish games  
'Cause I feel that you're the only one for me

Do you feel the same way too?  
(Tell me do you feel the same?)  
Is my love too much for you to bear?  
(Love too much to bear)  
Should I just be on my way?  
I wanna stay

Don't wanna play those games no more  
I don't wanna break your heart  
Don't wanna play those foolish games  
'Cause I feel that you're the only one for me

I played with your emotions  
How could I be so blind  
Don't wanna play those games  
'Cause I feel that you're the only one for me
