

# Can't Control

Texas

Why do we always bicker?  
This is affecting me  
Darkness is coming down  
And I can clearly see  
I wish we could be together  
Love to my memory now  
And when I see your photo  
I know it, I know it, I know it's true

I can't control this love I have for you  
I can't control, I can't control this love  
I can't control this love I have for you  
I can't control, I can't control this love

Walking with the sun  
Dreams are still with me  
I'm laying in my bed  
But still swimming in the sea  
I wish we could be together  
And love to my memory now  
I'll stick with you forever  
And ever, and ever you know it's true

I can't control this love I have for you  
I can't control, I can't control this love  
I can't control this love I have for you  
I can't control, I can't control this love

Everybody told me to stay away from you  
But if I should call would you come back again?  
Everybody told me to stay away from you  
But if I should call would you come back again?

I can't control this love I have for you  
I can't control, I can't control this love  
I can't control this love I have for you  
I can't control, I can't control this love

I can't control this love I have for you  
I can't control, I can't control this love  
I can't control this love I have for you  
I can't control, I can't control this love
