

# Maybe I

Texas

I couldn't be  
Always what you need  
Maybe I didn't care  
Which was hard and unfair

Maybe I didn't need to  
Breathe in and reach you

Always, forever  
Forever, together  
All the time  
Lately, all the time

Maybe I didn't help  
Handed you everything to yourself  
I could not leave you  
For the hell you gave to me  
I could not leave you  
Nor could you have left me

Always forever  
We'll take it together  
You're half on your knees  
And I'm on the floor

It's always forever  
You've kept us together  
And each time you leave  
I need you here with me

Maybe I didn't mind  
Maybe I didn't cry  
I needed everything to die
