

# Let's Build

Teyana Taylor

M-M-M-Murda

Build

Words don't express the way I feel

If love ain't a crime, then baby, it ain't real

It's your loyalty to me, that's worth a mil', yeah

It's forever trust and what I'm trying to build, oh

So let's build

Let's build, oh

So let's build

Words don't express the way I feel

If love not a crime, baby, what's real?

Your loyalty to me, babe, worth a mil'

Forever trust, it's what I'm trying to build, mhm

Let's build

Let's build, oh

Gotta say, it's the way I feel, I shine like a chandelier

Stand up, look at us in the mir', you could envision us outta here

Anticipate, can't wait, let's go, go and get up outta here

Conversation 'bout some true love

Feels like I'm just wakin' up

Ooh, look like we on some new

Ooh, look like we on some new

Words don't express the way I feel

If love not a crime, baby, what's real?

It's your loyalty to me, that's worth a mil', yeah

It's forever trust and what I'm trying to build, no

So let's build

Let's build, oh

So let's build
