

# Maybe

Teyana Taylor

[Verse 1: Yo Gotti]

Maybe, maybe it's the money, baby, or maybe not  
Maybe I fell in love with ya on the spot, never lie  
I keep it G, I told you that there off the top  
Maybe you never met a street nigga thuggin' on the block  
An' I ain't fuckin' with no thot shawty  
Powerball, this your shot shawty  
And if they hatin' den let 'em talk, shawty  
And I been drinking too much, and it got me thinking too much  
You in my head what the fuck?

[Verse 2: Teyana Taylor]

I say boy you done did it  
Love how you kiss it  
Ooh you can get it  
I never felt like that before  
Ooh, you the realest  
Yeah, I admit it  
All in my feelings, Damn

[Bridge: Teyana Taylor]

Had to pause, Nigga wait a minute  
Almost tapped out when you started swimmin'  
A little cocky, I can deal with that  
Cause you put it down and I need parts of that  
Just text your phone nigga where you at?  
Give me rounds, I need all of that  
Ain't even gotta knock, left the door unlocked  
So is you tryna take it down or nah?  
Or nah?

[Hook: Teyana Taylor]

Maybe it's the liquour, maybe it's the song  
Don't know what it is, but you turn me on  
Maybe it's the bar, maybe it's the club  
Don't know what it is, maybe I'm in love

[Verse 3: Teyana Taylor]

In the club twisted, ooo reminiscing  
Boy, I can vision round two  
It's me and you and I'm winning  
There's no competition, boy, you about to

[Verse 4: Pusha T]

Who she seeing? Who she fucking on the low?  
She kissing him, she kissing her, she one of those  
Fuck is you? you TMZ? you Sandra Rose?  
That's little sis, I'm big bro, so let's go  
Maybe it's the way I speak it, know the spot and how to reach it  
When I meet ya man, shake his hand, that's how I keep our little secret  
Wooo no pillow talk, no kiss n tell, they countin' coins, my pockets deeper  
than a wishing well  
She like balla's, she like birken buyers, she got a wild side, she like dope  
boys with a certain fire.  
That's me nigga, so that's me nigga, no if and's no maybe's, so that's we ni
