

Try Again

Teyana Taylor

I said things that I don't mean
You did things you can't take back
Maybe we should let this go
Or maybe we should try again? Yeah
Maybe we should try again? Yeah
Or maybe we should try again?
Try again, try again, try again, try again, yeah
Try again, try again, try again, try again, yeah

A part of me is telling me I should leave you alone
But I know eventually I'ma pick up the phone
Like, "Where you at? Where you is? What you doing? How you been
?
Been a while since we chilled, you should bring it by the crib"
Now, I ain't tryna erase history
We'll be enemies with memories, yeah

I said things that I don't mean
You did things you can't take back
Maybe we should let this go
Or maybe we should try again?
Try again, try again, try again, try again, yeah
Try again, try again, try again, try again, yeah
Try again, try again, try again, try again, yeah
Try again, try again, try again, try again, yeah

It's been a long time since I left you
I had to step back to step through
Steph moves, flex moves
Whole crew let loose but I choose to choose you
I know why you're running from me
Smart enough to know you really love me, yeah, yeah
I know ain't no other body for me
Didn't wanna lose those memories, yeah, yeah

I said things that I don't mean (I said)
You did things you can't take back (Oh woah)
Maybe we should let this go
Or maybe we should try again? (Try again, oh)
Try again, try again, try again, try again, yeah (Try again, oh
)
Try again, try again, try again, try again, yeah (Try again, oh
)
Try again, try again, try again, try again, yeah
Try again, try again, try again, try again, yeah
