

Magic in My Life

The 5th Dimension

Ooh, I must be getting closer
To you now than I've ever been
But you won't tell me where I stand
And it feels like I'm not really gettin' through

Hey baby, put some magic in my life
Yeah, I don't believe that you ever tried
Hey baby, put some magic in my life
Make me feel superstitious
Let me see love appear
Outta nowhere

Oh, it's almost to the point
Where I don't wanna talk no more
Yeah, I'm pretty sure if I hang around
That the magic of your lovin' will come through

Hey baby, put some magic in my life
Yeah, I don't believe that you ever tried
Hey baby, put some magic in my life
Make me feel superstitious
Let me see love appearing
Outta nowhere
Nowhere

Hey baby, put some magic in my life
Yeah, I don't believe that you ever tried
Hey baby, put some magic in my life
Make me feel superstitious
Let me see love appear
Outta nowhere

Hey baby, put some magic in my life
Well, I can't believe that you ever tried
Hey baby, put some magic in my life
Make me feel superstitious
Let me see love appear
Outta nowhere

Hey baby, put some magic in my life
Yeah, I don't believe that you ever try
Hey baby, put some magic in my life
Make me feel superstitious
Let me see love appear...
