

Walk Your Feet in the Sunshine

The 5th Dimension

One, two
One, two, three

I know you got troubles
I can tell 'cause the soles of your shoes look grim
Your feet have done a lot for you
Why don't you do something for them?

You gotta walk your feet in the sunshine
You oughta do it every day
Well, you can walk them right next to mine
Maybe those purple shadows will fade away

I know you're uncertain
I can tell by the way you stand
Your insole must be hurting
Why don't you give your feet a helping hand?

You gotta walk your feet in the sunshine
You oughta do it every day
Well, you can walk them right next to mine
Maybe those purple shadows will fade away

Don't the beach look grand this morning?
The sky's a windswept white on blue
Kickin' through the sand this morning
The sun will soon come shining through
Get your feet back to the land this morning
Your feet have done a lot for you

Do your friends seem to give you the runaround?
Do they make you feel like you're a heel?
Well, if you think that you're looking run-down sundown
Think how badly your feet feel

You gotta walk your feet in the sunshine
You oughta do it every day
Well, you can walk them right next to mine
Maybe those purple shadows will fade away
Treat your feet to a barefoot day

You know you gotta walk your feet in the sun
You know you gotta walk your feet in the sun
