

Feed A Pigeon Breed A Rat

The Acacia Strain

It feels like hell

Breeding Rats

Breeding Rats

Breeding Rats

Breeding Rats

The whole planet is crawling
We have cut off our food supply
Teeming with vermin and blight
A mindless hive

While you all self medicate
You live to contaminate
Our only option is to terminate
Before you continue to pollinate

They trample the weak
The lifeline is bleak
Obsolete
Diseased
Deceased

It feels like hell
It feels like hell
It feels like hell
It feels like hell
It feels like hell
It feels like hell
