

## Inverted Person

### The Acacia Strain

Eat yourself alive  
Spiral of insanity  
Let it be written  
Paradise was ruined  
By people who wore their cell phones outside of their pants

Vital signs  
Negative  
Screaming to no one  
Won't help you live

Pass the blame down  
An entire generation of entitled fucking clowns  
Bulldoze through every situation  
You steamroll every conversation

Vital signs  
Negative  
Screaming to no one  
Won't help you live  
Pat yourself  
On the back  
Give yourself  
A fucking heart attack

We don't owe you anything  
Sun grows cold. Skies burn grey  
Nothing is ever going to be ok

Vital signs  
Negative  
Screaming to no one  
Won't help you live  
Pat yourself  
On the back  
Give yourself  
A fucking heart attack
