

Champs Elysees

The Adicts

I look so debonaire
I haven't got a care in this world,
this crazy world
And I act oh so suave
Sophisticated, boy I've got it all
I'm a star

Dance the night away
Down in gay Paris
Dance the night away
On the Champs-Elysees
Dance the night away
Down in gay Paris
Dance the night away
Make it sleazy

I am a mystery
Not what I seem to be, oh no
It's so Parisian.
I am a masquerade
Just a man-parade
So I dance, I dance with you.

Dance the night away
Down in gay Paris
Dance the night away
On the Champs-Elysees
Dance the night away
Down in gay Paris
Dance the night away
Make it sleazy

I look so debonaire
I haven't got a care in this world,
this crazy world
You'll see my name in lights
One of the better sights
I'm the attraction,
I'm a star.
