

## Easy Way Out

The Adicts

We've all been born  
To live our lives in security  
How do we know if we'll die  
or if we will recover-  
From day to day  
We live our lives the same way  
No money to hold in our hands  
and no time to spend it.  
So I chose the easy way out  
To do my body some harm  
Cut my throat and slashed my wrist  
I even tried electricity  
Cut my throat  
Slashed my wrist  
It was the easy way out.  
We've all been born

To do my body some harm

So I chose the easy way out  
To do my body some harm
