

To Us Tonight

The Adicts

Have a drink come in
Raise you glass and see
How much you miss me when I'm gone
I'll do the same for you
I know you want me too
Lets have a drink to us tonight

All that we've been through together
Sunny days and storm weather

All the times that raised us strong
Suddenly it's been so long
The benches and the pipes
All those never ending nights
Always better side by side
[?] for a ride

Have a drink come in
Raise you glass and see
How much you miss me when I'm gone?
I'll do the same for you
I know you want me too
Lets have a drink to us tonight

There were good times and the bad
Still the best we ever had
(?)
So before we have to run

Have a drink come in
Raise you glass and see
How much you miss me when I'm gone?
I'll do the same for you
I know you want me too
Lets have a drink to us tonight

I'll do the same for you
I know you want me too
Lets have a drink to us tonight
Have a drink come in
Raise you glass and see
How much you miss me when I'm gone?

I'll do the same for you
I know you want me too
Lets have a drink to us tonight
