

## Troubadour

The Adicts

I wonder all over  
I wonder alone  
Adventure, romance  
Many I've known

I'm just a troubadour  
I'm in love with you  
Traveled the world  
Seen all the girls  
I'm in love with you / 2x

I know that you know that  
I'm looking at you  
I'll sing you a story  
And this one is true  
I look at you  
Look at me not a big star  
Boys and girl  
That's what we are

I'm just a troubadour  
I'm in love with you  
Traveled the world  
Seen all the girls  
I'm in love with you /2x

You know that I love you  
You know that I do  
Whatever happens  
You know I love you

I'm just a troubadour  
I'm in love with you  
Traveled the world  
Seen all the girls  
I'm in love with you ...
