

## Youth

## The Adicts

I never wanted to conform  
I never wanted a uniform  
Youth and me a perfect company  
A smile or two will get us through  
Youth and me perpetuity  
A smile or two will get us through  
All I wanna, All I wanna  
All I want is youth  
I wish I was forever young  
(Daddy Look)  
Can it be my time has come  
(That's it)  
Youth can be a future for me  
The child will find his history  
Youth and me eternity  
Youth and me in perpetuity  
Am I just a peter pan  
Will I ever be a man  
If I could be just sweet sixteen  
Would I know what life could mean  
Youth and me the perfect company  
You and me in perpetuity
