May Be a Price to Pay

The Alan Parsons Project

Something's wrong in this House today While the Master was riding the Servants decided to play Something's wrong in this House today Something's been going on there may be a price to pay.

There's evil brewing, getting out of control And I'm helpless I can't put it right
Something unrighteous is possessing my soul
And it's cold in the heat of the night

Something's wrong in this House today While the Sorcerer slept the Apprentice decided to play

While the Master was hiding the Servants decided to play Might be too much Sun or too much of something in the Air Whatever's happening nobody else is aware

There's evil brewing, getting out of control And I'm helpless I can't put it right Something unrighteous is possessing my soul And it's cold in the heat of the night

Something's wrong in this House today Something's been going on there may be a price to pay.
