

It Ends Tonight

The All-american Rejects

Ami G F G

Ami

Your subtleties

F

They strangle me

Dmi **Emi**

I can't explain myself at all.

Ami

And all that wants

F

And all that needs

Dmi **Emi**

All I don't want to need at all.

F

The walls start breathing

C

My minds unweaving

C

Maybe it's best you leave me alone.

F

C

A weight is lifted

A weight is lifted

Dmi

On this evening

Dmi

I give the final blow.

C

F

When darkness turns to light,

Ami

It ends tonight

G

It ends tonight.

Ami

A falling star

A falling star

F

Least I fall alone.

Dmi

Emi

I can't explain what you can't explain.

Ami

F

Your finding things that you didn't know

Dmi

Emi

I look at you with such disdain

C

F

When darkness turns to light,

Ami

It ends tonight

G

It ends tonight.

C

F

Just a little insight will make this right

Ami

It's too late to fight

G
It ends tonight,
F
It ends tonight.

Ami **G**
Now I'm on my own side
Dmi **F**
It's better than being on your side
Ami **G** **Dmi**
It's my fault when you're blind
F **Ami**
It's better that I see it through your eyes
F **Dmi**
All these thoughts locked inside
G
Now you're the first to know
