

## Instinct

The Almighty

Lyrics : Warwick/James - music : Friesen/London

A new day rising  
And I'm sinking slow  
I've been following my instincts  
To the corners of her soul  
You want it  
Need it  
Give it  
Take it as it comes  
Teach me how to fuck  
Without the indignation  
Gonna lick the flame  
Coz I can't resist temptation  
(chorus)  
You find it hard to swallow  
Swallow my pride  
It's a love like hell  
Crying in her mind's eye  
About the damage done  
I can't hold back my kingdom  
When I know it's gonna come  
You want it.....etc  
Teach me how to fuck  
Spare me degradation  
If I knew how to relax  
I wouldn't need sedation  
(chorus)  
You want it.....etc  
Teach me how to fuck  
Senseless stimulation  
Can desire be fulfilled  
In a no win situation?  
(chorus)
