

## Out of Season

The Almighty

lyrics : Warwick - music : Warwick/London/Munroe

Season's changing like my mind  
In the room of my wants killing time  
You called me up to put me down  
Fill my head and I hope I drown  
Covering the bruises  
With too much gloss  
Paying the price  
When I can't stand the cost  
(chorus)  
I'm out of season  
Feeling out of place  
Out of season  
I'm out of faith  
Lying back scratching the sky  
Wasted but i can't get high  
Right here, right now won't let me be  
Right here, right now means shit to me  
Got no reservations  
Living hand to mouth  
When feeding on frustration  
Means eating your heart out  
(chorus)  
Driving the needle of my mind  
Into the heart of it all  
Throwing light on a dark horse  
Fire walking thru blazing thoughts  
I'm kicking tomorrow into today  
Tainted adrenalin drifts away  
(chorus)
