

## Beltsville Blues

### The Amity Affliction

Oh yeah!

Can you feel me on the outside, waiting?  
Can you feel me on the outside, waiting?  
Can you feel the weight taking me away?  
Can you see me on the inside fading?  
Inside fading...

Ooh  
Look at the mess I've made  
Take me down, down, down  
Carry me away  
Oh baby, ooh, look at the mess I've made  
Let me drown, drown, drown, in the water, babe  
Yeah  
(Drown, drown, drown, in the water, babe)

Down the river, make my heart stop my beating  
Down the river, make my heart stop my beating  
Can you hear the sound of them underground?  
All my hurt is on the inside, wailing  
Inside, wailing  
Inside, wailing  
Inside, wailing

Ooh  
Look at the mess I've made  
Take me down, down, down  
Carry me away  
Oh baby, ooh, look at the mess I've made  
Let me drown, drown, drown, in the water, babe  
Yeah

Just let me drown  
Oh  
Get up, get up  
Oh  
Sink me down, this time I'm done  
Until that river is out of the sun  
Until the water is all out of life  
I'll drown alone, who gives a fuck?

Ooh  
Look at the mess I've made  
Take me down, down, down  
Carry me away  
Oh baby, ooh, look at the mess I've made  
Let me drown, drown, drown, in the water, babe  
Ooh  
Look at the mess I've made  
Take me down, down, down  
Carry me away  
Oh baby, ooh, look at the mess I've made  
I'll fuckin' drown, drown, drown, in the water, babe  
Yeah
