

Lost & Fading

The Amity Affliction

So young, heartbroken, daydreaming, lost focus.
Weaker than you've ever been,
Counting on a fading dream.
The ocean gleaming emerald green,
The saddest thing you've ever seen.
Your feet stuck in the sinking sand,
Your mind is reeling, shaky hands.
Tears are streaming, sorrow calls,
With no one there to break your fall.

I'm lost and fading, life ain't great.
My heart is breaking and life won't wait.
There's no one there, no one around,
There's not a soul and not a sound.

So fucking young, heartbroken, daydreaming, lost focus.
A weary soul, no truth to find,
They were so lost where was your goodbye?
Your feet stuck in the sinking sand,
Your mind is reeling, shaky hands.
Tears are streaming, sorrow calls,
With no one there to break your fall.

I'm lost and fading, life ain't great.
My heart is breaking and life won't wait.
There's no one there, no one around,
There's not a soul and not a sound.

You've searched your soul for far too long,
Your friend was lost, you carry on.
You bear the burden of sorrow's past,
But you were built, you were built to fucking last.
You were built to last.
I'm fading fast, out in the cold unknown,
All sorrow here, so far from home.
So far from home.

I'm lost and fading, life ain't great.
My heart is breaking and life won't wait.
There's no one there, no one around,
There's not a soul and not a sound.
No one around and not a sound.
