I've been searching for an exit, but I'm lost inside my head Where I spend every waking moment wishing I was dead For a few minutes get me away from here, For a few minutes wipe away my tears.

For I am lost right now as the ocean deep I am low, my friend and how my heart does sink Yeah, I am lost right now as the ocean deep I am low, my friend and how my heart does sink

It's like there's cancer in my blood,
It's like there's water in my lungs,
And I can't take another step,
Please tell me I am not undone
It's like there's fire in my skin
And I'm drowning from within
I can't take another breath,
Please tell me I am not undone

I've been searching for an exit but I'm lost inside my head Where I spend every waking moment wishing this would end I can't take another step, I cannot live inside my mind, I can't face another day, I am so fucking tired For I am lost right now as the ocean deep, I am low, my friend and how my heart does sink Yeah I am lost right now as the ocean deep, I am low, my friend and how my heart does sink

It's like there's cancer in my blood, it's like there's water in my lungs And I can't take another step Please tell me I am not undone It's like there's fire in my skin And I'm drowning from within I can't take another breath Please tell me I am not undone

I've been searching for an exit but I'm lost inside my head Where I spend every waking moment, wishing I was dead I'll take another step for you I'll shed my tears until I drown, or until I am underground I'll take another breath for you Will you still be there when I'm home, out from the great unknown?

It's like there's cancer in my blood,
It's like there's water in my lungs,
And I can't take another step
Please tell me I am not undone
It's like there's fire in my skin
And I'm drowning from within
I can't take another breath
Please tell me I am not undone

It's like there's cancer in my blood, It's like there's water in my lungs, And I can't take another step Please tell me I am not undone It's like there's fire in my skin And I'm drowning from within I can't take another breath Please tell me I am not undone
