

Now I like to get loud  
I like to go to the other side  
Just to think, you were just passin' by

Ridin' around  
You spat in my eye  
Just to think, you were just passin' by

We were hike to hike  
Breezing by  
You broke the pace  
Just a twisted kid, never learned to ride

Now I like to get loud  
I like to go to the other side  
Just to think, you were just passin' by

We were hike to hike  
Breezing by  
You broke the pace  
Just a twisted kid, never learned to ride

Now my wheels are off the ground  
They keep spinnin' 'round  
Just to think, you were just passin' by

Now I like to get loud  
Go to the other side  
Just to think, you were just passin' by
