Endlessly

The Anix

I tried to erase each memory,
Where'd we first go wrong.
But you know,you know,
You know it was me all along
And I know, there a history behind
All the distance in those eyes,
And thee ups and downs were mine.
I resign...

And I'll come back for you,
Starve myself to prove,
I've fallen endlessly.
Brake my back for you,
Kill myself to prove
I've fallen endlessly.

I tried to resist you in everyway,
And never cross the line,
But you know,you know,
You know it was all a lie.
And I know, there a history behind,
All the distance in those eyes,
And thee ups and downs were mine.
I resign...

And I'll come back for you,
Starve myself to prove,
I've fallen endlessly.
Brake my back for you,
Kill myself to prove
I've fallen endlessly.

And I'll come back for you,
Starve myself to prove
I've fallen endlessly
brake my back for you
Kill myself to prove
I've fallen endlessly
(I've fallen endlessly)
I have fallen,I have fallen
I have fallen endlessly
