

How do you wanna go about it
my heart is saying yes but my mind says no
are you dangerous
or are you a danger to my lack of fun
are you the one that'll open my mind
and make me see things I've never seen before
will you conquer me
or will I prevail

I dont know but I'll take this chance
oh baby smile let your teeth show, trip out
let your mind wander
I dont know but I'll take this chance
oh baby smile let your teeth show, trip outtt
let your mind wander around
high places and familiar faces
high faces and familiar places

The air is dreamy yet im wide awake
I pray the lord acid to take
are you real
or a vision in clear
my mind is causing swirlies in my eyes
lucy danced with me to my surprise
are you awake
or is this a lucid dream

I dont know but I'll take this chance
oh baby smile let your teeth show, trip out
let your mind wander
I dont know but I'll take this chance
oh baby smile let your teeth show, trip outtt
let your mind wander around
high places and familiar faces
high faces and familiar places

Wander around
whoa oh oh oh
whoa oh oh oh
wander around
whoa oh oh oh
whoa oh oh oh
wander

I dont know but I'll take this chance
oh baby smile let your teeth show, trip out
let your mind wander
I dont know but I'll take this chance
oh baby smile let your teeth show, trip outtt
let your mind wander around
