

Get on the Line

The Archies

We started something, gonna get together
Every man and woman, boy and girl
Loving one another, all sisters and the brothers
Loving one another 'round the world

Get on the line
Get on the line for love
Get on the line
Get on the line for love

The sun is rising on a brand new morning
Got to tell the people everywhere
Got to pass it on, before all hope is gone
Let the man go by, he didn't care

Open up your mind
Get on the line for love
Get on the line
Get on the line for love, come on

Get on the line, hey
Get on the line

Can't you see what's happening?
(Can't you see what's happening?)
Open up your mind
(Open up your mind)

Reach out your hands to your
Brothers and sisters
Or you're gonna be
Left behind it and you know

Get on the line
Get on the line for love, na, na, na
Get on the line
Get on the line for love, yeah

We started something gonna get together
Every man and woman, boy and girl
Loving one another, all sisters and the brothers
Loving one another 'round the world

Come on, get on the line
Get on the line for love, na, na, na
Get on the line
Get on the line for love, yeah

Get on the line
Get on the line for love
Clap your hands

Come on
(Get on the line)
Come on
(Get on the line)
Come on

(Get on the line)

Come on

(Get on the line)

(Get on the line, get on the line)

Get on the line, now

(Get on the line, get on the line, get on)

Get on the line

(Get on the line, won't you get on the line?)

Come on

(Get on the line)

Get on the line now

(Get on the line)

Get on the line now
