

La Dee Doo Down Down

The Archies

Hey la dee doo down down
Hey la dee doo down down

You're my baby, you're my one and only
La dee doo down down
Before I met ya girl, my heart was lonely
La dee doo down down
Say you love me baby, say you do
Say you love me like I love you
You're my baby, you're my one and only
La dee doo down down

When you hold me girl, ya really thrill me
La dee doo down down
When you kiss me girl, you nearly killed me
La dee doo down down
Say you want me baby, say you do
Say you want me like I want you
You're my baby, you're my one and only
La dee doo down down

You're my baby, you're my one and only
La dee doo down down
