

My Temperature Is Rising

The Audition

I feel my temperature risin'
For you
From ninety-eight to a thousand
Into
I feel my temperature
No need for doctors
I know you've got what it takes love
To keep the pressure up
No need to slow or stop
Go

I can show you colors
That never existed
Show you I've got substance
Whoa

I'll give you everything you need my love
Show you what you need to know
I've never felt this way about someone
Whoa, whoa, whoa

I feel my temperature risin'
For you
There's just no way to describe it
It's true
I need your medical attention
Fix me up and turn me on love
Go grab a scalpel
Can cut me open
Go

I can show you colors
That never existed
Show you I've got substance
Whoa

I'll give you everything you need my love
Show you what you need to know
I've never felt this way about someone
Whoa, whoa
I'll give you everything you need my love
Show you what you need to know
I've never felt this way about someone
Whoa, whoa, whoa

Prepare for battles
She's a goner
I can show you colors
That never existed
Show you I've got substance
Whoa

I'll give you everything you need my love
Show you what you need to know
I've never felt this way about someone
Whoa, whoa
I'll give you everything you need my love

Show you what you need to know
I've never felt this way about someone
Whoa, whoa, whoa
