Buddha

The Auteurs

happy birthday buddha happy hunting, happy hiding, happy new year i hope you get yourself together i hope your absence is made clear

i first learned, their was a value
in a little subterfuge
from some old peeping tom
or another woman's refuge
came in contact with a svengali
he was housebound and unwell
choked on a whale bone in a cantonese restaurant
his nervous system
had broken down

9 singing buddhas
