Our ambition got cast aside Thrown away when the batteries died And you'll start to compromise Just to get to the other side

But, it's always for the best And if you're not convinced Then you'll get left behind I lost, interest

CHORUS * 2

It doesn't seem like you mean it
I don't believe, that you believe it
And it feels like running with your eyes closed
If you forget what you're supposed to be

Let's go see Raoul
Let's make a stand
Let's go see Raoul
For all the ones who
Let's go see Raoul
Used to give a damn
Let's go see Raoul
Working over time

Our ambitions got cast aside Thrown away when the batteries died And you'll start to compromise Just to get to the other side

CHORUS * 2

Let's go see Raoul * 4
In the family place
Let's go see Raoul * 6

CHORUS * 2
