

## Don't Go Away

The Autumn Film

Don't go, go away  
Don't go, go away  
Don't go away  
For now, just stay.  
Two inches away  
Standing face to face  
With nothing in the way  
And this feels so safe  
Lying next to you, next to you

Don't go, go away  
Don't go, go away  
Don't go away.  
For now, just stay.

Ahh  
Ahhh

Your eyes are grey  
And they're blue and green  
Depending on the day.  
And you're out of focus  
Ahh, but it's clear to me  
Clear when you say

Don't go, go away  
Don't go, go away  
Don't go away

For now, just stay.  
(Ahhh)  
For now, just stay.  
(Ooh)  
\*end\*
