

# I Never Knew You

The Avett Brothers

Well I guess it's kind of funny how  
I loved you so way back when  
You say I wouldn't know you now  
Well I didn't even know you then

We change a lot  
And no one here can stop  
That train before  
It gets to where it's going  
At all

So I guess it's kind of funny how  
I loved you so way back when  
You say I wouldn't know you now  
Well I didn't even know you then

I heard about the company you're keeping  
And from someone who didn't have much interest  
In keeping us apart

So I guess it's kind of funny how  
I loved you so way back when  
You say I wouldn't know you now  
Well I didn't even know you then

And so I go out Friday night  
And talk to anyone I can  
If they can see me they can hear me  
Run my mouth  
I tell them all  
I'd love to see you once again  
Or maybe  
Just run into you hanging out

You know I lie, so it comes as no surprise  
When I admit that I don't really want to reunite

So I guess it's kind of funny how  
I loved you so way back when  
You say I wouldn't know you now  
Well I didn't even know you then

No I didn't even know you then
