

Walk Me Down the Middle

The Band Perry

I was meant to be by your side
And I have waited here a long time
For you to turn around and notice me
But now you're here holdin' hands with me

Walk me down the middle of the county fair
Walk me down the middle like you don't care
Walk me by the ferris wheel and make sure that she sees
Let the whole world know you belong to me

I've heard about your bitter end
'bout how she stole your heart and put it back again
Well I may not be the prettiest girl around
But I sure am a sight for sore, sore eyes

Walk me down the middle of main street
Walk me down where the whole town will be
I don't need no parade but make sure that she sees
Let the whole world know you belong to me

I'd walk through fire for you
Walk through barbed wire for you
I'd walk miles, it's true
Just to be with you

If you'll walk me down the middle of my mama's church
Walk me down that aisle in your finest shirt

Let the whole world know
You will walk me down the middle of the county fair
Oh walk me down the middle like you don't care
Walk me by the ferris wheel and make sure they all see
Let the whole world know you belong to me
