

# Let It Go

## The Baseballs

This is The Baseballs train  
And we never turning back  
Better put ya hands together  
Better get up on the track  
Let's go, come on and let's go, yeah

I bet ya mamma never told ya  
We are bad to the bone  
Better take me by the hand  
Coz we never going home  
Let's go, come on and let it go, yeah  
Let's go, come on and let it go

Come on and shake it to the left  
And shake it to the right  
The train is keep on rollin'  
And we ain't stop it tonight  
Let's go, come on and let it go, yeah

Oh baby you can hear the guitar playin'  
Speakin' out of your deep soul  
There's one thing that i wanted you to know, yeah

You'll be screamin', dancin', singin' along  
Well if we stay together, we'll grow strong  
Let me feel the vibe that let you loose control  
Come on let's go

You can scream, shout  
There's no doubt about it  
Don't come down  
Come on and let it go  
Come on and let it go

You can scream, shout  
There's no doubt about it  
Don't come down  
Come on and let it go  
Come on and let it go

(Solo)

Train, train, choo choo on the tracks  
Once you get into it you're never turning back  
Come on and train, train, choo choo on the tracks (2x)

It's gonna take you away from here

Oh baby you can hear the guitar playin'  
Speakin' out of your deep soul  
There's one thing that i wanted you to know, yeah

You'll be screamin', dancin', singin' along  
Well if we stay together, we'll grow strong  
Let me feel the vibe that let you loose control

A-well-a-well-a

You can scream, shout  
There's no doubt about it  
Don't come down  
Come on and let it go  
Come on and let it go

You can scream, shout  
There's no doubt about it  
Don't come down  
Come on and let it go  
Come on and let it go

Come on and let it go  
Come on and let it go  
Come on and let it go  
Come on and let it go
