

Roll Thru the Night

The Baseballs

When she's callin'
I say baby I got no time,
When she is asking
I say no problem I am fine,
When she is talking
I say you don't understand....
You're the only thing that kiss me up as well as clap my hand n
ow

We will rock babe, we will roll thru the night,
I say we will rock babe, we will roll thru the night....

When she's upset I...
I say no reason to be down,
When she's fed up I ...
I say let's take another round,
When she says no I...
I say babe move your lips...
Your the only thing that kiss me up as well as shake my hips gi
rl

We will rock babe, we will roll thru the night,
Cause allright we will rock babe we will roll thru the night

Shake it, move it, hip it, flip it, swing it, dance it, hump it
, bump it, girl and run it, jump it, pump it, fist it, breed it
, eat a pumpkin, heaven, savin', twinkle, ravin', rock and roll
ing see it boring...

Your the only thing that kiss me up as well as rock around the
clock

When she's wondering...
I say there is a way to go,
When she is asking
I say baby I can show you,
When she is watching
I say this is what you need,
Your the only thing that kiss me up as well I move my feet

We will rock babe, we will roll thru the night,
we will rock babe, we will roll thru the night.....
we will rock babe, we will roll thru the night!!!!
